Better visuals.
Smarter value.

ARCHITECTURAL 3D VISUALISATION STUDIO

MUMBAI, INDIA

Every building begins as an idea. *We give it form.*

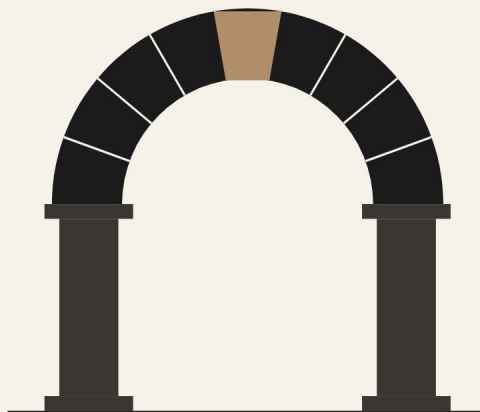

-
- 01 Great design deserves to be seen before it is built.
-
- 02 Studio-grade visuals have long been reserved for flagship projects.
-
- 03 Form Arc brings that standard to every serious project.
-

THE NAME

Form

VERB

To create.
To bring an idea into being.

Arc

NOUN

The arch.
It stands because its pillars hold.

Our pillars are four partners, each a leader in their field.

Four things *we never compromise on.*

Quality

Every image fit for the room it is shown in.

Honesty

Straight answers, from the first call.

Accountability

Form Arc stands behind every view it delivers.

Ease of mind

You brief once. We take it from there.

Every view *a project needs.*

The flagship standard. *Built for every serious project.*

WHERE WE SIT

HOW IT ADDS UP

WHAT IT MEANS FOR YOUR PROJECT

01 **Understood at first sight**
The design, seen as intended.

02 **Decisions made with confidence**
Clients approve what they can see.

03 **Marketed before it is built**
Launch-ready visuals from drawings.

04 **Premium at every scale**
From a single room to a full development.

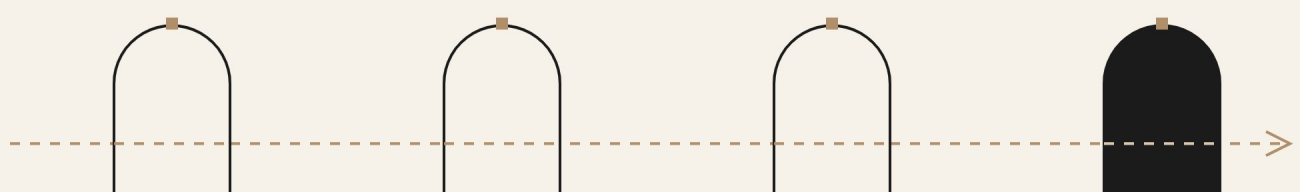

Quality is checked, *not hoped for.*

WHY IT MATTERS

Approvals, budgets and sales are decided on one picture.

HOW WE ENSURE IT

Four gates for every view. None skipped.

GATE 01

Drawing check

Model matched to your drawings

GATE 02

Studio standards

Material, light and camera to house rules

GATE 03

Internal review

A second pair of eyes, before yours

GATE 04

Partner sign-off

Final set approved by a partner

CHECKED IN EVERY VIEW

☒ Geometry

☒ Scale and proportion

☒ Materials and finishes

☒ Light and time of day

☒ Camera and composition

☒ Resolution and format

If it would not hold up in your most important meeting, it does not leave the studio.

From brief to final view, *in five clear steps.*

STEP		WHAT HAPPENS	WHAT YOU GET
01	Brief	Drawings, references, purpose	The right views for your goal
02	Scope	Views, timeline and price agreed	A clear plan before work starts
03	Build	Model, materials, cameras, light	Progress you can see
04	Review	Drafts shared at set points	Your feedback, built in
05	Deliver	Final files, in your formats	Ready to present, print or publish

Intended use and deadline

Six questions, *answered before you ask.*

Will the price change halfway?

No. Anything new is quoted first.

How many changes can I make?

Your revision rounds are fixed in the quote.

Are my drawings safe?

They stay yours, and stay confidential.

My deadline is tight.

We tell you if it can be done well, before we commit.

Who do I call?

One contact, from brief to delivery.

I only have sketches.

Send them. We will guide you through the rest.
